**TO: Miami-Dade County Building Officials**

**FROM: Herminio F. Gonzalez, P.E., Secretary  
Board of Rules and Appeals**

**DATE: October 29, 2002**

**SUBJECT: Suspension of a Miami-Dade County Approved Testing  
Laboratory**

---

An issue regarding roof testing performed by the Roof Leak Detection Company, Incorporated was to be heard before the Board of Rules and Appeals at their October 24, 2002 meeting.

In order to resolve this issue, the Roof Leak Detection Company, Incorporated agreed to a ninety day (90) voluntary suspension of their Miami-Dade County approved testing laboratory status. During this ninety day period, the testing laboratory will take measures to improve their testing and reporting procedures and respond in writing to the Building Code Compliance Office regarding their procedural improvements. The Board accepted these remedial measures also indicating that, upon satisfactory completion of this stipulation, the Board would then re-instate the Miami-Dade County approved laboratory status of the Roof Leak Detection Company, Incorporated.

**Therefore the Miami-Dade approved laboratory status for the Roof Leak Detection Company, is suspended effective November 11, 2002. Test reports dated November 11, 2002 or later shall not be accepted.**

Upon re-instatement of the Company's testing laboratory status, a notification will be sent to all Building Officials.

Please feel free to address any questions regarding this matter to Mr. Michael L. Goolsby, RRC of my staff at (305) 375-2901. Thank you
