MEMO

TO: All Building Officials in Miami Dade County

FROM: Herminio González, P.E. 
Director

DATE: January 6, 2006

SUBJECT: Hurricane Wilma Daily Report

Thank you for your participation in providing information on the posted unsafe structures within your municipalities from the damage caused by Hurricane Wilma.

As the recovery efforts are coming to an end, there are still agencies trying to compile final data that will be used to measure the total impact that affected everyone throughout Miami-Dade County. In order to provide an accurate report and to assist those that may still need assistance, we must obtain a final list of all affected residential properties by address and the status of such structure as of now whether it is still deemed unsafe or not.

It is important that each Building Official provide this information as soon as possible in order to assist County government in addressing the needs for those that were affected and to provide accurate data to the appropriate agencies.

If you have any questions concerning this matter, please do not hesitate to contact Michael L. Goolsby, Chief, Code Compliance Division at 305-375-2901.
