MEMO

TO: All Building Officials in Miami-Dade County

FROM:  Secretary of the Board
Board of Rules and Appeals (BORA)

DATE: June 21st, 2019

SUBJECT: BORA Interpretation
Chapter 8 Article II Section 21-2.2 (g)(5) and Section 21-2.2 (h)(3)(bb)
Roofing Inspectors Certificate Equivalency

At their meeting of June 20, 2019, the Miami-Dade County Board of Rules and Appeals considered an interpretation of Chapter 8, Article II of the Code of Miami-Dade County with respect to determination of an equivalency in the Roofing Inspector certification requirements.

The issue before the Board related to the qualifications for certification in the categories of Building Inspector (Commercial Roofing) and Building Inspector (Residential Roofing) as contained in Section 21-2.2 (g) (5) and Section 21-2.2 (h) (3) (bb). Specifically, the Board considered whether the State of Florida Standard Roofing Inspector license is equivalent to the Miami-Dade County Roofing Inspector certification in the aforementioned Sections.

Ultimately, the Board determined that the State of Florida Standard Roofing Inspector license was equivalent to the Miami-Dade County Roofing Inspector Certificate. In doing so, the Board concluded that the State of Florida Standard Roofing Inspector license could be used as an acceptable method to establish the minimum qualifications when considering the certification of either Building Inspector (Commercial Roofing) or Building Inspector (Residential Roofing).

Should you have any questions, please contact Gaspar Rodriguez, Senior Code Officer at (786) 315-2232 for additional information.
