ADVISORY MEMO

TO: All Building Officials in Miami-Dade County

FROM: Michael L. Goolsby, Division Director, Board and Code Administration
Miami-Dade County Building and Neighborhood Compliance Department 

DATE: December 15, 2010

SUBJECT: Scope of Work of the General Engineering and Pipeline Engineering Contractors

At the December 7, 2010 meeting of the Construction Trades Qualifying Board, the Board voted to set aside a previous interpretation and reconsider the scope of work of the Miami-Dade County General Engineering Contractor and Pipeline Engineering Contractor.

The Board further voted to accept the scope of work as expressed in Chapter 10 of the Code of Miami-Dade County, Section 10-2 IV (A) and Section 10-2 IV (B) (2). In doing so, the Board clarified that both the scope of work of the General Engineering Contractor and the Pipeline Engineering Contractor shall:

“...be considered to stop at a point five (5) feet from a building not specifically constructed for the purpose of pumping or processing pipeline products.”

Should you have any questions, please contact Mr. Michael L. Goolsby at (786) 315-2508.
