ADVISORY MEMO

**TO:** All Building Officials in Miami-Dade County

**FROM:** Michael L. Goolsby, Division Director, Board and Code Administration  
Miami-Dade County Building and Neighborhood Compliance Department

**DATE:** May 31, 2011

**SUBJECT:** Swimming Pool Contractor Scope of Work Interpretation

At the April 25, 2011 meeting of the Construction Trades Qualifying Board "A" Division, the Board was asked to consider the scope of work of a Miami-Dade County Swimming Pool Contractor. Specifically, the Board was asked if a Miami-Dade County Swimming Pool Contractor's scope of work included the installation of perimeter and filter piping.

The Board determined the scope of work Swimming Pool Contractor, as contained in Chapter 10 of the Code of Miami-Dade County, is not clear regarding the installation of pool piping and some ambiguity exists. Consequently, the Board established that the scope of work was subject to interpretation.

Following discussion, the Board voted to clarify and interpret that:

*The scope of work of a Miami-Dade County Swimming Pool Contractor includes the installation of all perimeter piping and filter piping. The Board further clarified that the scope of work a Miami-Dade County Swimming Pool Contractor does not include the direct connection to a sanitary sewer system or to potable water lines.*
