

**DEPARTMENT OF
ENVIRONMENTAL RESOURCES
MANAGEMENT**

**NOTIFICATION OF RELEASE:
SUPPORTING INFORMATION FOR THE IMPLEMENTATION OF THE RISK BASED
CORRECTIVE ACTION PROVISIONS FOR MIAMI-DADE COUNTY**

The “Supporting Information for the Implementation of the Risk Based Corrective Action Provisions for Miami-Dade County” (“Support Document”) has been released for public comment via the DERM web page. The Support Document is a compilation of information to facilitate the understanding and implementation of the risk based corrective action (RBCA) provisions set forth in Section 24-11.1(2), Code of Miami-Dade County. The RBCA provisions, adopted by the Board of County Commissioners (BCC) on March 8, 2001, apply to the cleanup of contaminated sites that are not eligible to utilize the provisions set forth in the State of Florida petroleum, drycleaning, or brownfields cleanup rules (i.e., Chapters 62-770, 777, 782, and 785, Florida Administrative Code).

The Supporting Document provides process flow charts to facilitate the understanding of the RBCA process and technical guidance documents to facilitate the implementation of the RBCA principles.

The Support Document is available at: <http://www.co.miami-dade.fl.us/derm/code/rbca.htm>. Written comments must be received by June 16, 2003 and shall be submitted to:

Wilbur Mayorga, P.E., Chief
Pollution Remediation Section
Miami-Dade County DERM
33 SW 2nd Avenue
Miami, Florida 33154-1540

If you have any question, please contact Wilbur Mayorga, P.E. at (305) 372-6700.
