She came to Small Business after not getting the help needed from Miami-Dade Water and Sewer. She also came to the A&E Advisory board in July 2021 and advised that she had not been paid. The Board advised staff to assist Ms. Aleman with her issues. Staff reached out but nothing was resolved. She stated that she met with Nelson Perez-Jacome from Water and Sewer and was advised that the design build contract would go before county commission to be closed. She asked if there was a policy in place that would require all small businesses to be paid before closing the contract. She advised that it was ignored. She stated that SBD knew that her firm had not been paid and advised that a memo was sent three weeks later that stated that the SBE’S have been paid in compliance. She then emailed Mr. Hartfield for an explanation to this memo being that she has not been paid. She advised that she has not received a response still. As a result of the lack of assistance that she has received, she was forced to go to Arbitration and is now responsible for paying approximately \$500,000 in attorney’s fees. She would like a

response to her email to Gary T. Hartfield, would like this to be made public, and for the County Commission and the Mayor to be made aware that she was not paid. Alice Hidalgo-Gato (SBD Section Chief) advised that the memo to the County Commission did not state if there were any funds in dispute. There is a resolution that requires that SBD reports if the goal was met. The goal was met so that is what was reported in the memo.

VIII. Adjournment

- i. Chairman Juan A. Crespi adjourned the meeting at 11:48 am.

SMALL BUSINESS ENTERPRISE ARCHITECTURE & ENGINEERING PROGRAM A/E ADVISORY BOARD

The Miami Dade County - SBE A/E Advisory Board was established in 2015 with the purpose of providing local SBE A/E firms a platform to voice concerns and address issues directly with Miami Dade County Departments and the public; to increase procurement opportunities for Miami Dade County SBE- A/E firms.

WHO WE ARE

The SBE A/E Advisory Board is made up of appointed members of the community (most are practicing Architects or Engineers) that serve without compensation and have an interest in the enhancement of procurement opportunities for Miami Dade County SBE- A/E firms.

WHAT WE DO

The SBE A/E Advisory Board meets bi-monthly with Miami Dade County staff and the public to discuss, support, promote and address issues that concern Miami Dade County SBE A/E Firms.

WHY WE EXIST

The SBE A/E Advisory Board exists because of the need for a platform to discuss and address these issues pertaining to SBE A/E Firms, County Staff and the Public.

WHAT WE STAND FOR

We stand for supporting and promoting Miami Dade County SBE A/E Firms.

Miami Dade County SBE A/E Firms are an integral part of our local work force and economy and Miami Dade County is an essential part of said small business economic growth.

The Miami Dade County SBE A/E Program is functioning exceptionally well serving a total of approx. 239 firms. We feel that there is always capacity for improvements; with time certain conditions have emerged that create the need for changes to the SBE Program.

Our #1 objective is to limit the MDC SBE A/E Program to locally headquartered MDC SBE firms and to consider the A/E Industry input /recommendations as presented by the Miami Dade A/E Society (MDAES). A Task Force was formed by our commissioners to address the potential new legislation regarding locally headquartered preference in Miami Dade County and our advisory board voted to endorse the recommendation of A/E task force.

Also, within the purview of the MDC SBE Program there is the EDP Program. Our advisory board will also make recommendations to this program.

Other Factors that limit SBE Firms from graduating from the program will also be addressed by this advisory board, they include:

- Selection & Scoping of Projects that are SBE Set-Asides
- The volume of these Set-Asides projects proportionate to the amount of SBE firms.
- MDC A/E Agreements that are fair to all parties
- Fee Negotiations – fees negotiated need to be commensurate w/ the tasks – that follow State CCNA
- MDC needs to consider SBE firms overhead rates (either recognize State of Florida audited /certified OH rates ex: FDOT or conduct their own audit)
Essentially all small firms have overhead rates much higher than that of larger firms.
- Early tracking of payments to SBE Sub-consultants starting at 25% of billings
- Design-Build Projects 3rd Tier SBE Subs – payments in a timely matter
